

## HOW TO PAY YOUR INVOICE TO NORTH AM WOODWHOLESALE, INC.

We here at WOODWHOLESALE would like to make your payment as simple as possible. We realize sometimes payment can be difficult when sending money internationally.

We have three different ways for you to make a payment.

1. ACH / e-Transfer PAYMENT (preferred)
2. FED-EX with a tracking number sent (we can not accept checks by regular mail)
3. Credit Card Payment (There is a 3% service fee)

---

### Here's how to pay by ACH / e-Transfer.

Since we're in Canada, it's not easy making an international wire payment. So, we use a company called WISE.COM

Wise is like a middle bank. They have provided us with

a U.S. account number = **8313050477**

a routing number = **026073150**

The only DIFFERENCE is that your payment will be going to WISE (not North AM Woodwholesale, Inc.) and if the bank needs their address, it is.

**30 W. 26th Street, Sixth Floor  
New York NY 10010  
United States**

This eliminates all the extra bank fees that come with international wire fees. Your money will go into our "ELECTRONIC ACCOUNT" at WISE. They alert us with a notification once you have paid. We then transfer your payment from WISE to our bank here in Canada.

If you need any help, call us and we'll walk you through.

---

### Here's how to pay by FED-EX

We have provided our FED-EX account number on every invoice that we send out. If you are unable to pay by the above method, the next best way is to send your check by FED-EX. We do not accept checks by regular mail as there are always complications and sometimes it will take three months to receive it here.

1. Either call Fed-Ex or you must go to an outlet near you.
2. Please make sure to use GROUND EXPRESS.
3. We will pay if you use our account number = **648311591**
4. You are required to also send us your tracking number to [accounting@woodwholesale.com](mailto:accounting@woodwholesale.com)

---

### Here's how to pay by VISA or MASTERCARD

1. Please call accounting = (604) 603-0144
2. Have your invoice# ready and provide the amount on the invoice.
3. There will be a 3% service fee will also be applied to the amount.

That's it! Thank you for your payment in advance and we appreciate your business very much!
